A LETTER FROM THE EDITOR

They say that high school is the best years of our lives! But, what made it the best years? As we flip through the pages, many ideas of what defines these years as "the best" come to mind. For some it may be homecoming, or the final sporting event. For others, it might be the achievements made throughout the years academically. Finally, it may be a club and after school activities.

What I believe makes high school the best years of our lives is the opportunity it gives to define ourselves and become the person we were meant to be. High school is more than walls, academics, events and sports. It's the place where we transition from the person we were, to the person we were meant to be.

These key years are where we begin to start the life that high school prepares us for. Through good and bad moments, they made us stronger and more defined. We as individuals find our path and depend on ourselves to walk out of the school, proud of the person we became.

Class of 2016, your journey is not over. Many students may know who they are and what they will be...and some may not. But that's okay! This is the time to make mistakes. High school prepares us for what no class could ever teach us: to find ourselves and our own definition of individuality.

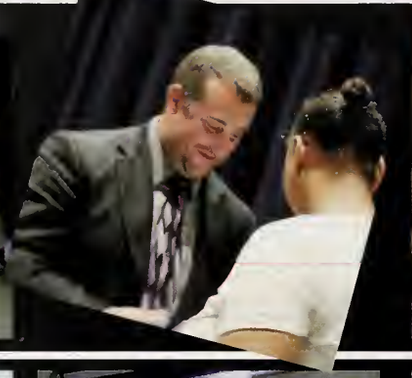

I'm proud to leave behind the Canal Currents of 2016, as photography and yearbook has come to define me. Without the lessons I learned outside the classroom within BHS, I would not be the person I've come to define myself as today.

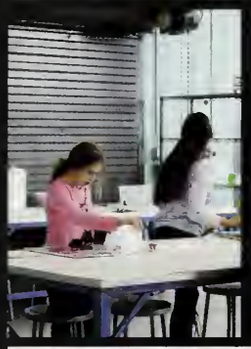

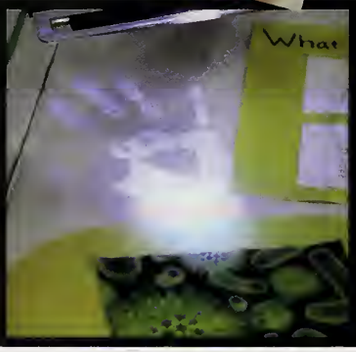

So now it's your turn! As we walk those steps and receive our diploma, toss our caps, and say we made it; also know that you travelled a long way into the person you became.

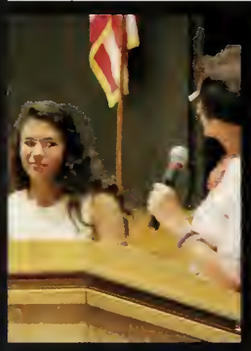

"After all this time, always",
~Ali Wolf

Summer is over BHS. It's time to get our butts back into gear and start working on the next one hundred and eighty days we have left. But our teachers won't leave us hanging for the end of the year for some well-rounded support and appreciation. On September 15, the teachers of Bourne High School gathered in the auditorium to praise the students who left them speechless from the past year. It's nice to know that our teachers think of us over the summer and want to throw us a little party in order to celebrate. Many students throughout Bourne High School got anonymous invites to the Academic Awards, while not knowing what award they had received or from whom they got it. Some of our classmates were dying to find out who saw their hard work and effort and wanted to appreciate them for it.

2015 DODGEBALL

The 2015 Dodgeball Tournament is one that many can't forget! All teams gave a valiant effort.The one and only girls team played well but fell within the first few rounds. In the end the "Basketball Boys" faced off against the reigning champions who have won two years in a row, Team Ice, consisting of Jake Ashworth, Mr. Arki, David Laine, Kylar Macarotti, Dylan Kehoe and Mr. Davidson. They sure did ice out their opponents. Many of the teams showed their spirit and support with their matching costumes and mustaches. The energy was incredible and there was even a fan section. The Class of 2017 raised $500.00 for their prom and saw just as many smiles throughout the night.

The 2015 Bourne High School Volleyball season is definitely a season to remember. Finishing the season third in the conference, with an 18-6 record, the Lady Canalmen, along with their fans ran all the way to the South Sectional Finals. Hosting UCT first round, the Canalmen won with a score of 3-0 to move on to the quarter-finals with rival Fairhaven. Winning 3-1, Canalmen then hosted the Semi-Finals match against Ursuline Academy. After 5 sets, the Canalmen came out on top 15-8. The South Sectional Finals is where the season ended when they suffered a loss 3-0 to Case.

We were 8-2 at home and had an 8-match winning streak that clinched a berth in the State Qualifying Tournament where we finished 5th out of 10 teams in the South Division at Dennis Highlands Golf Course. Dawson Prophett finished in the top 10% in the Qualifier and went on to finish 3rd in the entire state, shooting a 74 at Cummaquid Golf Course . Senior Night

The girls' hockey team senior night was all about Natalia Gordon as she was the stand-alone senior from Bourne High School on the BMWORR team. The team wished their defensive player good luck on her future and goodbye to a hardworking team member.

"I have been playing on the high school team since 7th grade which was the first year of the BMW Girls Ice Hockey program. I've been really lucky to play with some great teamnates and to play the sport I love. My fondest memory will always be winning the Lady Canal Cup."

It is a club where you can be a part of something larger, while at the same time have fun.

"Committment is Key"

Key Club is a student run organization that teaches leadership through the service to others. The students of Bourne High School commit to giving their time to their school and community. Some of this year's projects include can drives, coat drives, making blankets for the Tufts Floating Hospital for Children, car washes and much more. With the direction of Bourne High School Key Club Advisors are Miss Doyle and Mrs. PerKoski, the Bourne High School Key Club has been very diligent in making a difference in the lives of others.

"The club promotes leadership and community values, and is a fun atmosphere that kids are excited to be a part of. They get something out of being a part of the club. They're not just doing it because it looks good on college transcripts, but they genuinely take something out of what are doing."-Miss Doyle

As the fiddler in the fall performance of "Fiddler in the Roof", he composed all of his pieces for himself. Alex plays the guitar, bass, drums, violin, piano and mandolin. with the drums being his favorite "because it's the most fun. Alex discovered his love for music when he was six years old and heard the Beatles. "I don't know." he says, "that moment just stuck out in my mind of first taking an interest in music."

Another accomplishment by Alex was the winter concert, where he had original pieces that he composed himself performed..

"My favorite subjects are cars, whether they're old cars, new cars, luxury cars, or super cars, as there are a lot of angles, lines, and features of them that make for great subjects. I also take long exposure photos, which allows for anything moving throughout the photo to be blurred, such as waves crashing onto the shore or ships in the Canal."

[be] an IceSkater *Abbey & Emily Saba*

"Skating allows me to set many tangible goals for myself and I've made some of my best friends on and off the ice at the rink. Plus it's the only thing my sister and I still do together nowadays, knowing that we share the same passion and love for skating is a great feeling because at this age, most twins share different interests. Having a common interest makes our bond inseparable."–Abby Saba

Thank you for a wonderful time, and for teaching me many things from academics to life skills. I have made so many new life long friends, and memories that will be forever treasured. I hope to travel the world, and help the planet from climate change, as well as to write a book. I couldn't have done this without all of my friends and family.
